## 1 Programme Information

The MA in Jewish education will provide you with a comprehensive understanding of the fundamentals of educational theory and practice, with particular focus on the specific challenges and questions that arise in the context of a Jewish environment. The course is split over two or three years (as per your choice) to allow you to develop knowledge and skills at an appropriate pace. This is a great opportunity to study, work and network with international students and educators.

## 4 Funding and Finance

Please see pathways to fund your education future below:

### 1. Self Funding

Payment or part-payment to be effected by yourself. The Academy requires some self-payment for all programmes run.

### 2. Interest Free loans

South Africa has two Jewish interest-free loan providers - the Rambam Trust and JFLA (Jewish Free Loans Association). Both organisations have earmarked funds for Higher Education but are limited in nature.

### 3. Employer support

Your employer may be sponsoring some portion of your study fees.

### 4. LSJS Bursary

LSJS is able to offer a number of bursaries for students enrolling on their programmes.

### 5. Future Fund

If you wish to apply to the Future Fund, please fill in the additional Future Fund Application Form. Please note this is a bursary fund and disbursement is not guaranteed. Contact [accounts@theacademy.org.za](mailto:accounts@theacademy.org.za) for application form.

## 5 How do we support you?

- Access to digital and print texts
- Access to mentors and our professional staff for guidance
- Symposia and workshops
- Skills programming specific to the needs of students - e.g. Academic Writing Courses.
- South Africa-centric educational knowledge/literacy (legal, pedagogic, historic and others)
