## 1 Programme information

### Goals of the course:

1. To improve the Hebrew level of the participants to reach a higher Hebrew level, based on the ACTFL (American Council on the Teaching of Foreign Languages) proficiency scale. Participants will be placed in an appropriate stream (Initial, Intermediate or Advanced) dependent on their language levels. This is determined by an assessment which is taken before starting the programme.
2. To use the participants' experience as language learners to improve their teaching skills. Through this course, students will gain an in-depth understanding of how an additional language is acquired and will be trained in the basic teaching tools to enable students to become proficient in Hebrew as a 2nd language.

## 2 Who should do this?

Hebrew teachers and Aspiring Hebrew teachers

Those who wish to be: Master Teachers, Trainers and Curriculum Developers, do the MA in Hebrew Teaching.

## 4 Funding and Finance

### There are 4 options for funding and finances:

#### 1. Self Funding

Payment or part-payment to be effected by yourself. The Academy requires some self-payment for all programmes run.

#### 2. Interest Free loans

South Africa has two Jewish interest-free loan providers - the Rambam Trust and JFLA (Jewish Free Loans Association). Both organisations have earmarked funds for Higher Education but are limited in nature.

#### 3. Employer support

Your employer may be sponsoring some portion of your study fees.

#### 4. Future Fund

If you wish to apply to the Future Fund, please fill in the additional Future Fund Application Form. Please note this is a bursary fund and disbursement is not guaranteed. Please contact [accounts@theacademy.org.za](mailto:accounts@theacademy.org.za) for the form.
